Year 1-2 Coffee Morning:
Wednesday 25th Sept, 9-10am, LSH.

Healthy Eating –
We hold a Silver Healthy Schools Award and are currently working towards our Gold award. We will be introducing a fantastic new way of celebrating children’s birthdays (as well as singing to them and making them feel special) – without all of the sugary cakes and sweets!

We would encourage children to donate a book to their class on their birthday, rather than bringing in cakes, as this is a lovely way for the children to enjoy something that will last, and will benefit the class for the rest of the year. When your child brings in a birthday book, we add a label at the front with their name and birthday and put on a protective cover before the book goes into their class reading corner.

Polite reminder - We are not able to hand out cakes or sweets or other treats for children’s birthdays, so please do not send them in.
