Our Special Educational Needs and Disability (SEND) Information Report

At Belmont School we believe that all children have a desire to learn. We endeavour to make the learning at Belmont challenging, interesting and creative through following the statutory curriculum that we are required to teach whilst adapting it to the needs of our pupils.

Just as our school ethos is underpinned by our commitment to the UNCRC charter setting out children’s rights and responsibilities, so this is also reflected across our curriculum provision. There are some children in our school who have significant challenges and barriers to learning and in order to full support these children we offer the following provision:

All Harrow schools will have a similar approach to meeting the needs of pupils with Special Educational Needs and/or Disabilities to ensure that they make the best possible progress in school.
All Schools must:

- Identify children with SEN and ensure provision is made in accordance with the SEN and Disability Codes of Practice
- Appoint a SENCO
- Invest in whole school and targeted training for staff.
- Ensure inclusive teaching and support practice is embedded throughout the school and that all teachers understand that they are ‘Teachers of SEN’
- Provide information on school arrangements for SEN to parents and governors
- Consider pre-emptive(appropriate in advance)arrangements for pupils present and future with a disability
- Publish on a school website the school SEN policy and a description of the arrangements and specialist provisions made for children with SEND
Our commitment and aspirations

Belmont is a fully inclusive school where we work together as a community to ensure that all pupils achieve their potential personally, socially, emotionally and academically in all areas of the curriculum (regardless of their gender, ethnicity, social background, religion, sexual identity, physical ability or educational needs).

This document is intended to give you information regarding the ways in which we ensure we support all of our pupils including those with SEND and disabilities, in order that they can reach their full potential. It may not list every skill resource and technique we employ, in order to achieve this as these are continually developed and used to modify our provision to meet the changing requirements for individual children.

Children are identified as having SEND when their progress has slowed or stopped and the interventions and resources put in place do not enable improvement, because of the nature of their additional needs.

Once needs are identified, we ensure provision is put in place to support learning and progress across all areas of the curriculum. This provision includes quality first teaching, differentiates whole class and small group provision and individualised programmes of support. We also work closely with Harrow Special Educational Needs Assessment and Review Service (SENARS) Educational Psychologists (EPs), Speech and Language Therapists (SALT), Occupational Therapists (OT) and many other health care professionals. We ensure we regularly assess children’s progress against set targets and objectives.

At Belmont we aim to ensure that children with SEND make good progress and achieve in line with other schools nationally. We ensure effective communication regularly takes place with parents and carers, other professionals and the local authority special needs service (SENARS) in order to work collaboratively and secure the best possible outcomes for all our children. Children’s views are also critical in ensuring the right provision to meet children’s needs. We work hard to ensure that reasonable adjustments are made to overcome barriers to learning. We have good relationships with outside agencies (including the Educational Psychology Service), who assess children and advise parents and schools.

Other useful documents such as our Inclusion Policy and Behaviour for Learning Policy are available on the school website. If you would like further information about what we offer at Belmont then please do not hesitate to contact us directly.
Who are the best people at school to talk to about my child’s SEND?

It is advisable to speak to staff in this order as this will ensure swifter conclusion to your questions.

- **Class teacher** - responsible for:
  Planning the curriculum, differentiation and assessing your child’s progress and liaising with all members of staff who work with your child.

- **Phase Leader** - will have an overview of matters concerning the whole phase

- **The Special Educational Needs and Disability Co-ordinator (SENDCO)** is responsible for:
  Co-ordinating all the support and intervention in the school, working with staff to identify any areas of special educational needs, keeping parents informed, holding the SEN reviews and liaising with all agencies involved in your child.

- **Head teacher** - responsible for;
  The day to day aspects of the school and all the arrangements for children with SEND. The Head teacher has to report to the Governing Body on all aspects of SEND in the school.

- **SEN Governor** - responsible for:
  Liaising with the SENDCO / Inclusion coordinator to ensure the necessary support is in place for all children with SEND and that the school works closely with parents, carers and all other agencies to ensure good outcomes in all areas of the curriculum.

The names of these staff members can be found on the school website.
Leadership of SEND Provision

Our SENCO/Inclusion manager co-ordinates support and interventions across the school, and from outside agencies. The SENCO/Inclusion manager will ensure that provision is made in accordance with the SEN and Disability Code of Practice.

The Code sets out the following expectations:

- High quality teaching, differentiated for individual pupils should be available to the whole class.
- Class teachers are responsible for planning the curriculum and assessing your child’s progress, including any additional needs they may have.
- High quality teaching, which includes effective assessment and target setting, will identify pupils making less than expected progress. Through liaison with the SENDCo most pupils with special educational needs will have their needs met through a graduated response and quality interventions.
- Where progress continues to be less than expected the class or subject teacher, working with SENCO and other identified agencies will assess whether the child has SEND and continue to use a multi-agency approach in order to meet the child’s individual needs.
- Where a Special Educational Need or Disability is established, the school, in partnership with parents/carers and pupils will work through a four step graduated response: assess, plan, do, review, which is cyclical – regular reviews leading to revisions in plans and interventions.
- Where a pupil with SEND is reaching a point of transition (from primary to secondary school, or secondary to Further Education) the school will work with the parents and pupil to ensure a smooth and successful transition.
- Where there is sufficient evidence that a pupil’s needs are still not being met through the graduated response and school’s own resources (including funding) and a multi-agency approach, a decision may be reached to request a Local Authority assessment for an Education and Health Care Plan (EHCP).
- EHC plans are integrated support plans for children and young people with Special Educational Needs and Disability (SEND), from 0 – 25. An EHC plan will specify and coordinate additional funding and provision. The plan is focused on achieving outcomes and helping children make a positive transition to adulthood, including paid employment and independent living.
• The school will regularly monitor and evaluate the effectiveness of its provision for pupils with SEND.

**How will I know how well my child is doing at Belmont?**

In our school we have:

• An open door policy - parents welcome to make an appointment at any time

• Partnership between parents/carers/pupils and teachers - we will communicate regularly

• Informal discussions

• Individual support plans/Home school book if deemed appropriate

• If your child has an EHC plan there will be formal meetings where progress is reported on and a report written and available. This is referred to as an Annual Review and is completed together with parents, staff and the pupil.

• Parent Consultation evenings

<th>Whole school ethos and practice</th>
<th>Possible focussed support for some children’s additional needs</th>
<th>Possible support and intervention for a small number of children who may or may not have an EHC</th>
</tr>
</thead>
</table>
| Social, mental and emotional health needs | • Consistent application of the school’s behaviour policy  
• A positive supportive and nurturing environment  
• Circle time/PSHE curriculum  
• Mindfulness training and approach to support improved mental health.  
• Peer Mediators Rights respecting school programme / School Council/ Prefects and Sports Leaders. All of these help to develop children to be strong socially aware citizens of the future.  
• Access to After School Clubs for all children regardless of financial circumstance | • Identification and assessment in school  
• Additional advice and support from outside agencies  
• Adaptations to the curriculum to secure engagement  
• Support to build relationships and engage  
• School based counsellor  
• Fun Friends Why Try  
• Fit for Life nurture programmes aimed at supporting emotional needs  
• Parent Partnership programme aimed at supporting family life and promoting life Long Learning. | • Interventions are implemented, reviewed and revised  
• Work with parents to refer to CAMHS  
• Targeted intervention to promote social skills and emotional resilience  
• Adaptations to physical environment eg time out  
• Monitoring and support in unstructured time eg breaks/ lunch  
• Behaviour Management Plan/Pastoral Support Plan  
• Regular meetings with parents to monitor progress |
| Speech, language, communication and interaction | • Training for staff to meet the diversity of communication language skills  
• Strong emphasis on speaking and listening and phonics teaching  
• Communication friendly | • Elklan trained learning support via our Inclusion team  
• Small group phonic support  
• Personalised support within the class  
• Language monitoring systems upon entry to Reception and follow up provision  
• SALT interventions delivered by LSAs | • Access to small teaching and learning groups  
• Additional in class LSA support  
• Alternative communication systems  
• Speech & Language Therapy planned and delivered by a qualified therapist or therapy assistant  
• Advice and support via Autism outreach team |

**Cognitive and Learning/Moderate Learning Difficulties**

- Differentiated teaching of the curriculum
- Teaching resources are accessible and appropriate
- Multi sensory approach to learning
- Interactive environment

- Curriculum is adapted to meet the needs of pupils
- Targeted intervention programmes
- Independent Educational Plan
- Specific goals- short steps
- Differentiated resources are provided as appropriate
- Learning support via in school Inclusion
- 1:1 reading alongside intervention programmes

- Access to small teaching and learning groups
- Additional in class LSA support
- Additional specialist teaching support
- Educational Psychology assessment / support
- Access to personal ICT/ adapted ICT equipment

**Sensory and Physical Needs (e.g. hearing, visual impairment, multi-sensory, physical and medical needs)**

- Referrals to Harrow Hearing Impaired Service or Visual Impaired Service
- Provision of specialised equipment.
- Curriculum is adapted
- Seating position within class prioritised.

- Modified learning environment.
- Learning support via our Inclusion team.
- Occupational Therapy and Physiotherapy support and advice from health team.
- Mobility and care plan management
- Liaison with a range of medical professionals as needed assistance via School Nursing Team

- Individual protocols and plans for children with significant physical and or medical needs.
- Additional modifications to the school environment
- Additional resources to reduce individual barriers to learning
- Occupational Therapy and Physiotherapy from LSAs
- Access to external advice and assessment.
- Advice and outreach from Sensory Team
What happens if my child with SEN makes very little progress at Belmont?

Your child’s progress is continually monitored by all staff involved. Any child who is making less progress than expected, are carefully monitored and reviewed by class teachers, year group leaders and phase leaders, on a weekly basis. Pupil progress review meetings are also held termly where data and progression made are discussed and additional support is put into place, dependent on the child’s individual needs.

Parents are encouraged to make an appointment with the class teacher if they have concerns about attainment, achievement, progress or mental health needs in school.

- Where a child with SEND continues to make little progress despite the support provided by the school’s SEND provisions including external support and advice, and there is evidence that the child has severe and complex needs that cannot be met within the resources ordinarily available to school, we will ask the Local Authority to undertake a statutory assessment of the child’s SEND. This will be carried out either as set out in the SEND Code of Practice or through a request for an Education Health and Care Plan.

- Governor Involvement: All schools have a designated SEN Governor responsible for making sure the necessary support is available for every child who attends the school

If you need to complain

Parents have the following rights of redress, should the school, Governors or LA fail in its duty to provide, or if the parent disagrees with a decision or feels that there is discriminatory practice:

- The school or LA complaints procedure
- An appeal to The SEN and Disability Tribunal (LA decision)
- A claim against the responsible body (Chair of Governors or LA) for disability
- To the SEN and Disability Tribunal for discrimination
- A complaint to the LA Ombudsman (Schools and LAs)
