Topic – Lockdown 01.06.20/04.06.20

In class, we will be discussing how lockdown has been for us. We will be using these questions to talk to each other. Why not do the same at home.

* **What has been different during our time in lockdown?***
  - What have you enjoyed doing that you would not have done before?
  - What have you found hard about lockdown?
  - What have you missed the most during lockdown?
  - What are your worries about lockdown and the future?

Then record the 3 most important things that came out of your conversation on the three boxes and create a sentence for each on the post it notes attached in the pack.

Post it notes attached
