This term we will focus on the story of the Little Acorn in English. We will develop the basic skills of writing for example capital letters, full stops, finger spaces and writing is on the line. We will also explore adjectives and nouns in relation to growing.

In Science the children will look at basic parts of a plant including how to label them. How to sort evergreen and deciduous trees. Label and identify the names of basic parts of the human body.

Within PSHE, RE and SMSC we will focus on how to keep our bodies and minds healthy and ensure we understand what we need to grow.

Within Art we will explore the environmental art movement and create pieces of art using natural materials which will support our science objectives.

In mathematics children will begin with representing numbers to 10. Count forwards and backward in one’s and order numbers. Be introduced to place value through using a part, part whole model and develop the skill of addition and use of number bonds.

**Home Learning Ideas**

- Write/think about all the things you will be excited about on your first day
- Create a worry list for your fist day and talk about with your grown-up what you can do to overcome these worries
- Make a poster showing something that grows (sunflower, bird, butterfly, frog etc.)

**AOB / Important Dates**

Monday 7th September Back to School
Tuesday 22nd September Virtual Year 1 Parent Curriculum Meeting
7th October Virtual Phonics Screening Parent Meeting
22nd October Last day of Term

Please ensure that all children’s clothes are labelled and that children have appropriate kit.

Many thanks.

Children at Brampton Primary Academy will be using the Learning Wave in their classroom. A self-assessment tool which allows children to become independent learners and develop their metacognition skills (defined as ‘learning to learn’).
