BROADMEADOW JUNIOR SCHOOL

SPRING TERM 2020 SYNOPSIS OF WORK FOR YEAR THREE

The Creative Curriculum
In Year 3, during the spring term, our Imaginative Learning Projects will be *Tribal Tales* and *Scrumdiddlyumptious*. These will focus primarily on History and Geography, although other aspects of the curriculum such as Art and DT will be covered as well. Our Science scheme of work will focus on Rocks and Soils and Humans and Animals. We will be building on the skills learnt in the Autumn term and are encouraging the children to take greater responsibility for their own learning.

English and Maths
In our English lessons this term we will be studying narrative writing, poetry, persuasive writing with a focus on advertising and formal and informal letters, all of which will link to our Imaginative Learning Projects where possible. Spelling, grammar and punctuation skills will continue to be developed.
In Maths lessons we will be concentrating on mental maths and problem solving through maths investigations, as well as reinforcing the four basic operations (addition, subtraction, multiplication and division). We will also be learning about measurement and fractions.

P.E
3S will have PE on Monday.
3E will have PE on Tuesday.

Jigsaw
We will be continuing with our Jigsaw Scheme of work. This term we will be looking at Dreams and Goals and Healthy Me.

Homework plan for Year 3
Children will be expected to practise their spellings, targeted times tables and to read regularly at home. During the Spring term children will receive a homework grid. This grid will comprise a number of homework tasks. Each task will vary in its degree of difficulty based on its star rating of either 1, 2 or 3 stars. Children should aim to achieve a score of 10 stars by the end of each half-term. Homework can be handed in at any point during the half-term.

Thank you for your continued support.
