Dear Parents and Carers,

Re: **PARENT FOCUS GROUP**

The results of the recent Parent View survey are available for all to view at:

In summary, the results of the surveys from both the Junior and Infant Schools were extremely positive when compared to previous years. The combined results show that 95% of parents would recommend our school to other parents (up from 88%) and the percentage of parents agreeing with the 12 statements in the survey has risen on average from 84% to 88%.

This is extremely encouraging and the Governors would like to thank everyone who completed the survey for their contribution.

However, we are not resting on our laurels!

The Governors have carefully reviewed all the data from the surveys and have selected two topics that we would like to explore further with parents:

1. This school responds well to any concerns I raise (82% agree).
2. I receive valuable information from the school about my child's progress (89% agree).

In order to gain a greater understanding of your views on these topics (and any other relevant issues), we would like to invite parents to participate in **Focus Groups** to be held in early July, where you will be able to share your views and help formulate plans to improve our school's performance in these areas. The setting will be informal and conducive to open and constructive discussion.

If you are interested in joining a Focus Group please email: governors@csgvillageschool.org with your contact details by Friday 24th June 2016.

We look forward to hearing from you.

Yours faithfully,

**The Governing Body**
Chalfont St. Giles Village School
