I think of a number, then halve it.

The answer is 9.

What was my number?

There are 25 beanbags. Kim takes 11 and Amit takes 9.

How many beanbags are left?

There are 16 plums. 8 children share them equally.

How many plums does each child get?

Two people have 8 cakes each. How many cakes have they altogether?

One person gives two cakes to the other person. How many cakes does each person have now?

There are 2 red buttons and 4 blue buttons on a card of buttons.

How many buttons are there on 10 cards?

7 people are on the bus. 8 more get on and 3 get off.

How many people are on the bus now?

There are 16 plums. 8 children share them equally.

How many plums does each child get?
