How does Stay on Green work?
Each class has a colour chart in their classroom.
Every day each child starts the day with their name on Green.
The aim is to Stay on Green all day.

If children make good choices about their behaviour they will Stay on Green or even have the chance to move their name to Silver or Gold.

By being on Green, Silver or Gold at the end of the day children earn themselves a house point.

Green 1 house point
Silver 2 house points
Gold 3 house points

Gold Reward
If children achieve a Gold they will go to see a senior member of staff to tell them how they achieved it.

This member of staff may then reward the child, this reward may take different forms depending on the achievement and their year group.

Always Green or beyond
Every four weeks there will be a reward for the children who have always Stayed on Green or higher. These children will take part in a treat, which will be used to promote good choices.

Warnings
If children make poor choices about their behaviour, their name will be moved to yellow and a warning given. If they continue to make a poor choice, they will be moved to blue and have to work at a separate work station within the classroom, whilst still accessing the teaching and learning taking place in the classroom.

This is a reminder that they need to correct their behaviour. If they start making good choices their name will be moved back up to green.
