About Us

Tractorfest is run by parents and volunteers to enrich the lives of the children at Brooklands School in Reigate. These funds enhance school activities and provide much needed specialist equipment, giving the children a broader opportunity to thrive. Children between the ages of 2-11 years with severe or profound and multiple learning difficulties attend Brooklands. In addition to their learning needs some children have physical difficulties and therefore use a range of walkers, wheelchairs and buggies. Some have excellent communication skills and others are engaging only through their eyes. ALL the proceeds from the show go directly to the children so please dig deep!
