Dear Parents and Carers,

Please find attached a copy of our school’s Parent Code of Conduct.

I pride myself on the culture of openness and staff accessibility at Dormansland School. We work hard to foster positive relationships with all of our families and I know that the majority of parents feel supported and reassured by our approach.

Above all else, it is this closeness of working relationship between home and school that most benefits the children. This is at the heart of everything that we strive to achieve and I will never, for one moment, lose sight of meeting their individual needs, with full parental support.

In order to continue to provide the type of learning environment in which every child can flourish, progress and achieve, this Code of Conduct has been produced by staff, governors and parents from our Parent Forum. It outlines our expectations of all parents when communicating with the school and is intended to provide clarity for all concerned, should there ever be a situation where a parent’s behaviour becomes confrontational or vexatious.

Please take the time to read this document and to understand my reasons for needing to write it. If every parent adheres to its contents, our school culture of mutual respect between staff and families will continue to benefit the children of Dormansland.

Yours sincerely,

Sarah Stokes
Head Teacher
