'Pick and Mix' Home Learning

This is designed to be a change from our traditional project homework and an opportunity for pupils to be more creative and follow their own interests.

We hope that it will also provide some activities that pupils and parents may enjoy working on together. Year 5 and 6 children will also be set formal Maths and English homework on a weekly basis as well. We have provided you with 6 different tasks related to the topic being studied. These are varied and cover a range of subjects.

You must complete 3 of these tasks.

You will need to present your work as neatly as possible and the three tasks should be spread out across the time given.

All tasks can be brought in as they are completed throughout the term and shared with the rest of the class.

We look forward to celebrating your creations.

Enjoy your home learning!

Date set: Week beginning: 13th January 2020
All three tasks due in by the 2nd March 2020
Eagles, Kestrels and Nightingales
Pick 'and' Mix Home Learning
Save the Planet
Spring 2020

Get Creative!
Create a 3D animal using recycled materials.

Get Investigating!
Investigate recycling in your area.
What is collected?
Can you take items to local supermarkets to be recycled?

Get Talking!
Talk to your parents about how they try to live sustainably.
What items do they regularly recycle?
How do they recycle?
Do they recycle in their workplace?

Get Cooking!
Create a healthy recipe using seasonal ingredients.
Take a photo of your dish and bring the recipe into school.

Get Writing!
Write a nature poem and illustrate.

Get Building!
Create a bug hotel for your garden using environmentally friendly materials.
Take a picture to show us.

Don’t forget to…
Read at least 3 times a week to an adult.
Play Times Table Rockstars.
Practice on Spellingframe
Year 5/6 - Weekly English and mymaths activities.
