After a week of dramatic scenes and headlines, we are hoping that in this week’s Edgebury Echo we can create a feeling of calm even though things have suddenly changed so much.

Hopefully your home learning sessions are going well. Teachers will try to put together as much helpful material as they can to help you at home. Remember these will be on our website on the class pages.

We were unable to publish an Echo last week as events took over. Therefore this week’s edition is a catch up of what was happening at school in the run up to our school closure.

We had a super Sports relief Day on Friday the 13th March. It was great to see all the children in their sporting outfits and there was a lovely feeling of positivity all around the school. The total for the Sports Relief Donation stands at £264.30. A big thank you to everyone who donated and took part.
To support your children with their home learning nationalcurriculum.com have compiled a list of fantastic resources that are easily accessible via Amazon, and are packed full of engaging content for children to keep learning whilst at home. It’s very user friendly and organises the resources by year group.

EASTER is just around the corner so why don't you have a go at growing your very own cress head. It's easy and tasty too!

1) Take the top off an egg carefully and make a nice scrambled egg for breakfast!
2) Wash out the egg shell carefully and dry it.
3) Use felt tips and sticky on bits to decorate the egg.
4) Make sure your egg can stand up, either in an egg cup, modelling dough or piece of egg box.
5) Put some damp cotton wool inside the egg and then sprinkle on the seeds.
6) Place the egg on the windowsill and keep the cotton wool damp.

Within a week you should have some tasty cress. Yum! Yum!
Dear Parents

We do hope you are all keeping as well as you can be during this very difficult and stressful time.

We have a request and hope that some of you might be able to help. If you are passing during the hours that the school is currently open (during 8.45am and 3.15pm) and you feel you could donate any food items to the Edgebury Pantry, then please do. There is a green container in the entrance. Just pop in and drop your donations into the container. You don’t need to speak to anyone or make contact - just drop and go!

We have sent another lot of food parcels out today to some of our families and we are running low again.

Any donations would be very much appreciated.

Many thanks and keep safe!

Kind regards

Mrs Pester & Mrs Sutton

Fantastic WORK

I think America is the biggest and best place. It is very large and has a lot of people. It is very busy and it never stops. It is very hot in the summer and very cold in the winter.

I know that America is very famous for its cities like New York, Chicago, and Los Angeles. I have heard that the cities are very big and busy. I have also heard that the streets are very crowded.

I know that America is also famous for its natural wonders like the Grand Canyon, the Yosemite National Park, and the Everglades. I have heard that these wonders are very beautiful and very interesting.

I also know that America is famous for its wildlife like bears, eagles, and whales. I have heard that these animals are very strong and very smart.

I am very excited to visit America and see all of these wonders for myself. I hope that I can see the cities, the streets, the wonders, and the wildlife.

I hope that I will have a great time in America and that I will learn a lot about this famous country.

The end.
Other achievements...

Well Done!
