Dear Parent/Carer

**Eyemouth Community Campus Event**

Scottish Borders Council is hosting a community drop-in event at Eyemouth Primary School on Thursday, 26 September from 4.00pm to 7.30pm.

This event is intended to give the public the opportunity to hear more about a range of initial proposals for the new Eyemouth Community Campus, and for the Local Authority to listen to the community’s views.

In addition, we plan to engage with all the communities in the Eyemouth High School cluster to explore the opportunities the new educational facilities on the Campus could bring for education across the cluster. This will be a focused piece of work undertaken separately, however, this event will help shape future consultations.

The Council and partners have developed an ambitious strategy on the site of Eyemouth Primary School for a new Campus as part of a wider masterplan, which would see new educational facilities, local services, extra care housing, alongside complimentary affordable housing, located on this site.

The event will also be a starting point for discussions around a number of other buildings and sites in the town, including the Library, Contact Centre, Community Centre and Education provision in East Berwickshire.

There will be further discussions regarding the draft Eyemouth Economic Regeneration Action Plan, with information on the range of positive projects being taken forward in the coastal town.

We hope as many residents and groups as possible can make it on 26 September, to provide their views about the Campus and other public buildings within the community. We would strongly encourage parents and carers from all the Primary Schools to come along and see not only the proposed educational facilities, but also how this will fit into the wider picture for the whole community.

Yours sincerely

John Butcher
Lead Education Advisor
