Dear Year 6,

You may have already heard on the news that you just sat the hardest tests in a generation. You did so incredibly well. I am proud of your resilience as learners and your positive attitudes towards testing in general.

I want you to know:

- You are more than a test score to your teachers at Fairfield Community Primary School.
- All your hard work and revision was worth it – you are more mature, independent learners than ever before.
- We value your personalities and your talents above and beyond the assessments.
- Your next school will take SATs scores into account but will also listen carefully to recommendations from Fairfield about your sets and levels.

I also want to thank your wonderful parents for their support during these ‘testing’ times!

Over the next few weeks, we will continue to work hard in class but we also have a wide variety of events that will provide you with the rich and varied school life that you love, including:

Sports day

Art sessions with the wonderful Angie Norman

Weymouth

The end of year performance

The summer fete

Kind regards from your proud teacher,

Miss Standen
