September 2015

Dear Parents,

We are actively trying to drum up support and additional use for The Chester Building which is our Community Facility on our site at Fairfield. The Little Learners naturally use it in the mornings for their playgroup but we want more people in the community to use it!

So! If you can think of an activity that would benefit the community that could be held in the evenings (some afternoons are available too), then drop me a line.

If you would like to run a group or know someone who is looking for premises to run a local group, even better!

The Chester Building facilities are now available for hire at a reduced rate and further details can be obtained by contacting the school.

There is support that can be offered to people who are thinking about starting a community group or activity, and that support can be offered to help develop early ideas they may have (Mr Dave Cliffe, the Local Community Development Officer can assist with this and also hopefully draw on support from other colleagues at Voluntary Action Leicestershire and other local organisations). Mr Cliffe is also interested in bring people together and potentially helping them set up a Fairfield Community Working Group to better connect different people in the community.

If anybody would like to discuss any of the aspects outlined above with myself or Mr Cliffe, please do not hesitate to contact me at school and we can go from there!

Regards,

Tim Sutcliffe
Executive Head
