Dear Year 5,

Welcome to the beginning of Year 5. I hope you enjoyed transition day and are now looking forward to being in Year 5. To get you started, I have a task for you to complete during the holidays!

Over the summer holidays I would like you to spend some time creating a scrapbook of your activities. You can put anything you like into it, tickets of places you have been to, medals, photographs of days out, leaflets of places you have visited etc. On each page try and include some writing as well, telling me all about your holiday adventures. These scrapbooks will then be put on display so they need to be your best handwriting.

I hope you have a super holiday and are ready to work hard on your return!

Mrs Elliott and the Year 5 team.
