Route to Resilience

This year the children have really enjoyed completing a range of fun activities which have helped to develop their character muscles (including but not limited to: perseverance, communication, focus, imagination, cooperation, good listener, brave, going the extra mile, enthusiasm, confidence and happiness). These character muscles will help develop their achievement, social skills and well-being. We will be continuing to develop these skills in the summer term and please look out for a fun activity at our summer fete.

Other News

Please inform the office of any changes to contact details including mobile phone numbers. We have tried to contact some parents and not been able to get through as changes have occurred.

School closures

Any school closures will be notified via a text message and will also be posted onto the school website, the school Twitter account and the local radio station. So if in doubt check one or more of the school’s ways of communicating with you.
