Primary Site app
Parent guide to installation

Please note, this is not an additional communication channel, just a different way of viewing our website.

**Step 1** Open the app store on your device and search for ‘Primarysite’ in the search box. You should then see the following:

![App Store and Play Store Screenshots]

**Step 2** Once you have downloaded the app to your device, click on the app icon that will appear on your device.

![App Icon]

**Step 3** The app will now open on the initial setup screen. You may be prompted to allow the app to send push notifications, we may use these in the future to keep you up to date with relevant information (similar to how we use Facebook and Twitter).

Click ‘Find schools near me’ and select us from the list.
Step 4: Once you have selected us you will see the following screen:

Once you have selected ‘Yes, select this school’ the initial set up is complete. The next time you open the app you will be taken straight to the school app.

The home screen of the app will look like this. This also shows the menu if you click the icon in the top left hand corner.
