Wednesday 27th February 2019

Dear Parent/Carer,

It has come to our attention that children across the country are being exposed to the Momo Challenge. Worryingly, it has been reported that the Momo character has been popping up on YouTube and KidsTube videos, which has caused panic and distress to those who have watched them. This challenge asks children to complete a series of dares which become more dangerous. Children have also been asked to add a number to Whatsapp where hackers behind the scam can steal personal information. Please read the guidance on the back of this letter and speak to your child about this.

If you have any further concerns, please come and to either myself or our Family Support Workers – Mrs Robb, Miss Thompson or Mrs Begum.

Yours faithfully,

Mrs S Hudson
Deputy Head Teacher
