Properties of 2D Shapes

Label each shape with its correct name.

1. hexagon
2. triangle
3. quadrilateral
4. pentagon
5. triangle
6. triangle
7. triangle
8. quadrilateral
9. quadrilateral
10. hexagon
11. hexagon
12. pentagon
13. pentagon
14. pentagon
15. pentagon

THINK

Draw as many different looking hexagons as you can draw.

I am confident with recognising triangles, quadrilaterals, pentagons and hexagons.
