Write each missing number.

1. \( 5 \times 6 = \) □
2. □ ÷ 6 = 6
3. □ × 6 = 6
4. 66 ÷ 6 = □
5. 12 × 6 = □
6. 0 ÷ 6 = □
7. 7 × 6 = □
8. □ ÷ 6 = 9
9. □ ÷ 6 = 8
10. 3 × 6 = □
11. □ ÷ 6 = 4
12. 72 ÷ 6 = □

Answer these problems.

13. Lin gets £6 each week for pocket money. After how many weeks will she have £54?

14. Dan has some building blocks. Each is 6 cm tall. How tall is a tower of 12 of the blocks?

Use facts you know to answer the questions.

15. Use \( 7 \times 6 \) to answer \( 14 \times 6 = \) □
16. Use \( 12 \times 6 \) to answer \( 24 \times 6 = \) □
17. Use \( 9 \times 6 \) to answer \( 27 \times 6 = \) □

| THINK | Use other facts from the 6 times-table. Write some related facts in the same way. |

I am confident with the 6 times-table.
