Accessibility Plan

The school recognises its duty under the DDA (as amended by the SENDA):

- not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
- not to treat disabled pupils less favourably
- to take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
- to publish an Accessibility Plan.

The school provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles; and endorses the key principles in the National Curriculum framework, which underpin the development of a more inclusive curriculum:

- setting suitable learning challenges
- responding to pupils’ diverse learning needs
- overcoming potential barriers to learning and assessment for individuals and groups of pupils.

A large part of the school building was rebuilt about twelve years ago and despite a small area of the building being well over 50 years old, it is fully accessible.

Drawing up an Action Plan

The 3 areas to be considered in this action plan are:

a) Improving Education & related activities
The school will continue to seek and follow the advice of LEA services, such as specialist teacher advisers and SEN inspectors/advisers, and of appropriate health professionals from the local NHS Trusts.
[See checklist provided on page 29 DfES Guidance “Accessible Schools: Planning to increase access to schools for disabled pupils”]

b) Improving the Physical environment
The school will take account of the needs of pupils and visitors with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting, acoustic treatment and colour schemes, and more accessible facilities and fittings.
[See checklist on page 30 of DfES Guidance.]
c) Improving the Provision of information

The school will make itself aware of local services, including those provided through the LEA, for providing information in alternative formats when required or requested. [See checklist on page 30 of DfES Guidance.]

The school reacts to the needs of both adults and children so that the curriculum is accessible.
