This half term we are learning all about Spring, minibeasts and growing. We will be focussing on the story ‘The Very Hungry Caterpillar’ by Eric Carle. We will be going on a Spring walk around our school. We will also be going on a minibeast hunt outside and finding out which minibeasts live in our garden, as well as planting our own vegetables and flowers. Our caterpillars will soon be arriving and we will be looking after them and watching them grow. The children will be learning all about caterpillars and butterflies and what they really like to eat!

A huge thank you to all of the parents who attended our Easter Bonnet Parade. Thank you for all of your hard work and effort, the Easter Bonnets were fantastic this year and the children looked amazing!

In phonics we are listening for sounds in words and learning about alliteration. We are beginning to blend the sounds in words as we hear the sounds.

In maths we are practising our careful counting and focussing on recognising numbers. We will also be learning lots about shape and pattern (especially when looking at butterflies).

Talk Homework
Please can you talk with your child at home about what changes we see in the springtime. Maybe you could go on a minibeast hunt together in the garden, at the park or in the woods. Talk about the minibeasts/flowers you see outside, what do they look like?
