A huge thank you to all parents and grandparents who attended our Christmas performance. The children loved having you there to see them perform and we hope you enjoyed it as much as they did!

This half term we are learning all about the animals who might live in the park as well as learning all about winter. We will be focussing on the Percy the Park Keeper story ‘One Snowy Night’ by Nick Butterworth.

The children will be acting out the story and discussing how we can help the frozen animals in the snow. The children will be making bird feeders and making animals’ homes. We will then be exploring snowy footprints and finding out which animal is hiding underneath the floorboards in Percy’s hut.

In phonics we are learning about musical instruments and the sounds they make and rhyming words. Please can you read some rhyming stories and practise singing nursery rhymes at home.

In maths we are practicing our careful counting, singing songs about numbers and we are also learning about size and positional language.
