**Mathematics and numeracy**
- Make up your own outside maths game.
- Experiment with capacity. Play in a bucket of water to investigate which container holds most, what happens when you put an object into a full cup of water? Why?
- Make a potion but make sure you write or draw the exact measurement needed e.g. 5 blades of grass+2 daisies+1 cup of water. How much would you need to double your potion? Investigate.

**Health and Well-being**
- Carry on with your @30 Days Wild challenges and share them with me and on twitter.
- www.actionforhappiness.co.uk
- Try some cosmic yoga- which is your favourite? Can you create your own yoga session using what you have learned?
- Create an exercise routine for an astronaut to get them fit and ready to visit the ISS.
- Find out about astronaut food.

**Humanities**
- What lives in the Ocean? Make a fact-file about your favourite sea creature.
- Find out about life in a pond. Is it the same as life in the ocean?
- Can you look at an OS map of parts of Wales and find some different types of places? How do you know what they are?
- Maybe you could paint a big map of Wales and draw some of the places in too.

**Expressive Arts**
- Listen to and appraise 'The Planets', an orchestral suite by Gustav Holst.
- Use Chrome Music Lab to create your own piece of music.
- Look at 'The Wave' by Katsushika Hokusai. Can you create your own ocean picture?
- Choose how to create your very own piece of artwork and crafts- anything goes!

**Science and technology**
- Can you find out about food chains? Draw or paint one.
- Watch some videos and find a fact about our solar system.
- Make a balloon rocket https://www.youtube.com/watch?v=KMX7zgcLC0w
- Grow something from a seed and watch what happens.
- Continue to explore the features of the hwb- there’s so much on there!

**Reception**
Home learning menu Summer 2020
Topic - Go Outdoors

**Present your work however you want to.**
You could draw, write, make a video, take photographs etc. You can share your work with me on our Class Dojo.

**Language, Literacy and Communication**
- Look at pictures in the news of rubbish left by people on beaches. Design a poster to encourage people to look after our beaches.
- Read about how pollution is endangering animals in the ocean. How can we help stop this?
- Write a poem about your favourite animal and draw it too.
- Can you make an ocean or a space themed puppet show?
