Mathematics and Numeracy
- Hide some treasure in your house and create a map to help someone find it.
- Go on a shape hunt—can you find 3d and 2d shapes?
- Follow a recipe and weigh the ingredients you need to bake something delicious.
- Create a mini shop. Make some price tags for your items and ask your family to pay for them with 1ps, 2ps, 5ps and 10ps.

Health and Well-being
- Create a Welsh folk dance—use some of the movements we have practiced.
- Learn to play a game—snap, a board game, battleships etc.
- Find a fun way to do an extra 15 minutes of physical activity.
- Share what you are feeling. Think about how others might be feeling too.
- Take a mindful minute.

Humanities
- Create a beautiful drawing or painting of the Welsh Dragon.
- Read all about the Easter story. Can you write and draw about what you have heard?
- Create a family tree.
- What can you find out about the history of Cwmbran town centre?

Choose from these activities

Expressive Arts
- Use Chrome Music Lab to create a piece of music.
- Watch a film with your family. What was your favourite part?
- Can you create a family portrait?
- Look at the work of the artist Rhiannon Roberts and recreate some of her work.
- Create something using something you've never tried before—papier mache, sewing, printing, film etc

Science and Technology
- Can you find out about the life cycle of a chicken?
- What happens in each of the seasons?
- Can you investigate which materials would be best to keep things warm?
- Go on a mini-beast hunt. What have you found?

Language, Literacy and Communication
- Write a letter to someone in your street to ask how they are and tell them what you've been up to.
- Read your favourite story—draw and write about what you've read.
- Write a shopping list of all your favourite things.
- Create a puppet show of a familiar story.
