Mathematics and numeracy
- Can you make a repeating pattern with natural materials, e.g. leaf, daisy, stone, leaf, daisy stone etc.
- Play a maths game outside e.g. hopscotch, target throwing, noughts and crosses with sticks and stones
- Measure some things deciding on appropriate units. You might use footsteps to measure your lawn or a stick to measure flowers.

Health and Well-being
- Learn to play a new game outside-maybe rounders or basketball?
- Go on a mindful walk-use all of your senses.
- Try some cosmic yoga-which is your favourite?
- Create a recipe for a healthy meal and cook it.
- Go on a colour scavenger hunt.

Humanities
- Build a house for an elf or a fairy.
- Find out about the history of Greenmeadow Community farm. Tell someone what you have found out.
- Think about two different areas and compare them e.g. Cwmbran town centre and Blaen Bran. Can you draw and label them or find pictures of them online?
- Find out what kinds of trees and plants are common in Wales. What do we not have here?

Expressive Arts
- Listen to and appraise ‘The Carnival of the Animals’ by Camille Saint-Saens.
- Use Chrome Music Lab to create your own piece of music.
- Look at the work of landscape artists. Can you create your own landscape picture?
- Choose how to create your very own piece of artwork-anything goes!

Science and technology
- Can you find out about the life cycle of a frog?
- Use the Woodland Trust id app to find out what trees are around you.
- Can you find out about the parts of a flowering plant? Maybe you could draw and label a flower.
- Explore the features of the hwb-there’s so much on there!

Language, Literacy and Communication
- Create a poster to encourage others to look after our environment.
- Make some mud or sand pies, draw, and write about how to do it.
- Draw and write a list of things growing in your garden or around your local area.
- Create a puppet show of the Very Hungry Caterpillar story. Record it.

Reception
Home learning menu Summer 2020
Topic - Go Outdoors

Present your work however you want to. You could draw, write, make a video, take photographs etc. You can share your work with me on our Class Dojo.
