Article 24 – Health Care - ensures that every child has the right to the best possible health.

Governments must provide good quality health care, clean water, nutritious food, and a clean environment and education on health and well-being so that children can stay healthy.

Richer countries must help poorer countries achieve this.
WHAT DO YOU NEED TO BE HEALTHY?

How many ideas can you think of to help you be healthy?

Write them down and then compare your answers with the next slide.
HOW MANY OF THESE DID YOU GET?

- Enough Sleep – at least 8 hours
- Nutritious Food – fruit and vegetables
- Water – at least a litre a day
- Good hygiene – keeping clean, particularly your hands
- Exercise

- Feeling safe, secure and respected
- Health care - To see a doctor or a nurse when you need to and to be vaccinated against diseases

- How does the woman pictured opposite help us to access health and health services?
- How can we show our appreciation and why is this important?
- Have you taken part in ‘Clap for Carers’? What else could you do to show you care? For example you could put a poster on your window or send a picture or a card to say thank you to hospital, local GP or care home.

Write down your answers or talk to people in your home.
