Year 1 Learning Adventure

HALL GREEN - LET’S EXPLORE!

Autumn 2

2019-2020

English
This half term the children will concentrate on improving writing simple sentences. They will continue to use the Think, Count, Write, Check technique to develop their independent writing. Drama will be taught every other week by a theatre specialist.

Art
Year 1 will look at the artistic styles of Karla Gerard. The children will learn about the French artist and appraise examples of her artwork. They will sketch real houses around us and compare to the impressionist style Karla uses. Children will create a final piece of art in her style.

Maths
Children will learn to group objects and count in 2s, 5s and 10s. Children will begin to learn how numbers can be partitioned into Tens and Ones. This will help children to understand the place value of 2 digit numbers by using diennes, drawings and addition number sentences.

Computing
Year 1 will be taught how to use technology safely - whether on the computer, iPads or phones. They will discuss the importance of how and why to keep personal information private. On the iPads, children will use technology purposefully to create, organise and manipulate digital content. They will learn how to research using safe search to find websites suitable for children to look for information about Hall Green.

PSHE & RE
In the lead up to Christmas, children will look at how faiths celebrate the births of new babies. They will continue to learn their rights and how to express their feelings and ideas.

PE
This half term the children will learn skills used in dance and get ready to perform actions in their Christmas concert!
