The School Games Organiser network and Active Notts are working together to create and publish a weekly programme of activities to help support schools to assist parents and carers to maintain an active routine for children and young people whilst at home or when socially distancing in essential care.

The weekly activities will be sport themed and include golf, football, orienteering, athletics, cricket, gymnastics, boccia, netball and racket sports. All activities have been developed so everyone can have a go using equipment found in the home and in whatever space you have available.

Children and young people should engage in moderate-to-vigorous intensity physical activity for an average of at least 60 minutes per day across the week. This weekly resource will give simple ideas on how to be physically active with a different sport theme for 30 minutes each day. For ideas on how to achieve the remaining 30 minutes please visit the Active Notts website or contact your local School Games Organiser by clicking on their logo within this resource.

This pack contains a schedule of suggested activity challenges for the week and daily activity cards. You do not have to do them in the suggested order or in fact do them all, if you really enjoy one day there is nothing stopping you doing that activity every day! However, if you do the personal challenge, we would encourage you to have a go at it each day and aim for improvement.

There will be a virtual competition each Friday, details of how to enter are shown on the schedule page and on the Friday activity card. The competition will be run at district and county level. There will be prizes for schools with the highest percentage of entries based on pupils on roll, certificates for all entrants and a prize draw after the last week for those who have entered 100% of the virtual competitions. Where permission has been granted, we may showcase entries, on the Active Notts website, in our newsletter, on the Active Notts Facebook, @Active Notts Twitter account and with local media outlets. Please make sure that all activities are carried out in a safe manner.

We are very interested to receive your feedback so we can continue to do what works well but also make amendments to future weeks to ensure the resource is relevant and useful. Please send any feedback to nottschoolgames@activenotts.org.uk.

**MONDAY MOVERS**  
**Physical literacy/skills**

**ACTIVITY**
- Gather your targets (objects) and decide where to play.
- Set them up outside in front of you, one to two metres away, ensuring you won’t damage them or any other objects.
- Depending on what racket you have, think about the best way to play an accurate shot (avoid overhead serve shots if using a tennis racket).
- Play a shot to try and hit one of the targets. Whenever you hit a target, run and collect the target and resume aiming for the targets.
- Repeat this process until all targets have been hit!

**EQUIPMENT NEEDED**
- **Racket:** Any racket, but if you don’t have one, try using a frying pan.
- **Ball:** Tennis ball, shuttlecock or makeshift ball, such as scrunched up foil or pair of socks.
- **Targets:** Cones, plastic bottles, cups, soft toys, other balls.

**TOP TIPS**
This is about accuracy and not power, so relax when you play a shot.

Noughts and Crosses

ACTIVITY

- Make out a noughts and crosses grid (nine boxes) – check out the video [here](https://www.lta.org.uk/play-compete/lta-youth/tennis-at-home/)
- You will need two sets of three balls, or rolled-up socks
- Place two markers, two metres away from the grid and two metres away from each other. Put three balls, the same colour, behind each marker.
- Hit the ball with your hand towards the grid.
- Run out and place the ball in the middle of the first square it hits. If you miss the grid run out and bring the ball back.
- Two players – alternate attempts. Each player must wait until their opponent is back behind their marker before hitting. The first player to get three balls in a row wins. If no one has won when all the balls are on the grid, run and collect one of your balls and hit it again. Remove one ball that gives a chance of getting three in a row.
- For one player – alternate between the two different coloured balls aiming to get three of each in a line. How quickly can you do it?

EQUIPMENT NEEDED

- **Racket:** Hand
- **Ball:** 6 x rolled-up pairs of socks (3 dark, 3 light)
- **3 x 3 Grid:** Tape, rope etc or 9 targets eg hoops, magazines
- **Markers:** (cones, tins, mugs, etc)

How can you show determination throughout this challenge?

Even if you are struggling to get three balls in a line keep going until you do

TOP TIPS

Remember to follow through with your racket to your target. Do you need to hit your next shot harder or softer to hit your target?

Why not try this now? LTA Tennis at Home Exercises. Give some of these a go:

MAKE IT EASIER...

- Throw the ball underarm rather than hitting it
- Move to within one metre of the grid
- Make the grid spaces bigger

MORE OF A CHALLENGE...

- Move three metres away from the grid
- Play using your other hand
- Make the target areas smaller

MAKE IT INCLUSIVE...

- From a seated position, roll, hit, or throw the ball towards the targets.
- Have a partner or member of your household to do the running for you.

LEAD OTHERS...

- Explain the game to a member of your household and demonstrate how to hit the ball with your hand. Challenge them to a game.

**FRIDAY FUN**

**Racket Balance**

**ACTIVITY**

Place your chosen type of ball on your racket and extend the racket in front of you. Can you then perform these challenges?

1. Move the racket whilst balancing the ball around your body back to the original starting position.
2. Move the racket whilst balancing the ball in and out of your legs in a figure of 8 formation.
3. Can you combine the two tasks above into one movement? Competition time! Using challenge one only, how many successful rotations around your body can you complete in 60 seconds? Can you better your score each time? Challenge a household member or friends to have a go.

**EQUIPMENT NEEDED**

- **Racket:** Any racket, but if you don’t have one, try using a frying pan.
- **Ball:** Tennis ball, shuttlecock or makeshift ball, such as scrunched up foil or a pair of socks.

**MAKE IT EASIER...**

A shuttlecock may stick to the racket face easier than a ball.

**MORE OF A CHALLENGE**

Using a tennis ball, can you bounce the ball slightly on the racket whilst doing the challenge?

**MAKE IT INCLUSIVE**

Use a flatter object, such as a shuttlecock. Move the racket from one side of your body to the other.

**LEAD OTHERS**

Can you get others to create a balance routine challenge for you?

**TOP TIPS**

Keep your eye on the ball as it will tell you if you are keeping the racket level or not.

- Once complete, send your video (max 15mb) or script to [www.activenotts.org.uk/forms/view/sgvc](http://www.activenotts.org.uk/forms/view/sgvc) before 9:00am on Friday 17th July 2020. Earn points for your school and download your certificate.

**EQUIPMENT NEEDED**

- Smartphone or tablet to record your commentary
- Papers, pen.

**MAKE IT EASIER...**

Commentate on the final point of the match.

**MORE OF A CHALLENGE**

Include three facts about what history was made by Andy Murray’s achievement.

**MAKE IT INCLUSIVE**

Describe what is happening to someone who cannot see the pictures so they can commentate too.

**LEAD OTHERS**

Encourage others to have a go.

**TOP TIPS**

Remember there are no pictures on the radio so you need to describe everything very clearly.
