The uniqueness of each school is respected and celebrated by the Trust, but we also seek ways of working in partnership by sharing best practice, meeting common challenges and developing joint policy.

The vision for Create Partnership Trust encompasses the growth of an inspirational family of schools, built on a peer support and challenge model, so that barriers to optimum achievement are removed and where effective practice is systematically shared. We are committed to safeguarding and promoting the welfare of all pupils and expect all staff and volunteers to share this commitment.
