Religion
Our new religion topic is all about ‘Neighbours’. We will be thinking about your neighbours at home, in school and all around the world.

- Write/copy the name of someone you call your neighbour on a template of a person. Then make the template look like that person.
  Your neighbour can be someone from home or school.
- Write some sentences about how this person is a neighbour to you.
  For example:
  • Daniel is my neighbour because he takes care of me on the playground.
  • Sophie is my neighbour because she plays with me in the role-play area.
  • Wendy is my neighbour because she offered to do our shopping for us.

Perhaps you could make a little book of the different neighbours from home and school that you can think and the reasons why they are good neighbours.

What makes a good neighbour?

Write a list some of the qualities that make a good neighbour.
Think of ways you can be a good neighbor to your friends, family and people in your area.
