Half Term Project

During the half term holiday why don’t you become a minibeast detective?
You could go on a web walk or encourage minibeasts into your garden by planting some flowers. You could look for minibeasts in your garden or on a walk and record what you find in these sheets.

You could make a playdough minibeast or paint a picture of what you found.

You may also like have a go at making your own bug hotel. There are lots of very simple ways to do this without the need for lots of resources!

Here are some links to pages where you can get some instructions and more ideas!
