Inclement Weather and/or Emergency Closure of School Plan
INTRODUCTION

The purpose of the document is to:

- Ensure the safety and wellbeing of all pupils and employees should a school have to deal with severe, inclement weather; and
- Ensure that all employees and parents are clear about their roles and responsibilities in the event of severe weather or school closures.

Inclement weather can be defined as snow, ice, and fog, which render journeys extremely hazardous.

Extremely hazardous includes those conditions in which the appropriate authorities advise people not to make unnecessary journeys or indeed travel at all.

The decision to close a school unexpectedly is not taken lightly; it is a decision which will be made by the school (Head Teacher). In all cases we will seek to avoid a school closure unless it is absolutely necessary.

The School aim is to maintain a service to parents and pupils for as long as is reasonably practical. However the interest and safety of children and staff are paramount under these circumstances.
