Nursery Handy Hints

We have ....

- Listened to the stories, The Gingerbread Girl and The Gingerbread Man. The characters have run away from Nursery, where will they go next? This interest will support communication and language skills.
- Learnt about healthy foods. They sorted healthy foods and treats.
- Listened to Jack and the Beanstalk, retelling the story.
- The children had a go at making food for the giant in the mud kitchen.
- The children used their imagination to make something out of boxes.
- The children continue to explore their revamped outdoor area. There is a large construction area where children are building and attaching. The children have also enjoyed using the performance area, singing, dancing and making music. The children are also growing, tomatoes and strawberries, taking on the responsibility of watering them.

At home......

- Ask your child to retell The Gingerbread Man.
- Discuss where the characters might go next.
- See what numbers you can spot on the way to school.
- Discuss healthy foods what food do they like best?

In order to support transition children can independently come into the classroom hanging their own coats up and writing their name. This is to support children starting Reception in September. If you still feel your child needs your support please still bring them in, take it from your child.

Have a lovely weekend
