New evidence has been discovered which will help us solve the ‘Splat’ mystery.

Take a look on the next page to find out what it is and how it will help.
WITNESS STATEMENT

I saw a flash of brown fur or it could have been hair from behind the trees.

The suspect was medium height.

The suspect was carrying something.

I could see pointy ears.

This is the contents of the evidence bag

One gold coin

A scrap of orange material

This finger print was found at the scene.
Wednesday 1st July 2020

New Evidence Found!

Task 1 -
There is new evidence just in!
Please take another look at the evidence page. Using your knowledge about the suspects from yesterday along with the eye-witness statement and the evidence bag please decide who is responsible for the crime, playing ‘Splat’ with real paint!

Task 2 -
Please write your findings in a report for Mrs. Jones explaining who you think the culprit behind the game of ‘Splat’ is and your evidence and reasons. There is a template you could use on the next page or use lined paper.
The ‘Splat’ Mystery

Detective__________ Findings

For Mrs. Jones

Picture of Culprit
It’s time for a break!
1) Write 342 p in pounds and pence.

2) Work out 81 ÷ 3

3) Multiply 23 by 4

4) Find the difference between 572 and 196
Money - Add Money

Task 1 -
Follow the link to the White Rose website and scroll down to watch the explanation.
https://whiterosemaths.com/homelearning/year-3/

Task 2 -
Complete the questions on the worksheet on page 12 and 13

Chilli Challenge

Task 3 - If you have extra time or are up for the extra challenge then try some or all of Task 3, which you will find on page 14.
1. Complete the part-whole models.
   a) 
   
   b) 

2. Dora buys two birthday cards.

   Complete the sentences to show how much money Dora spends.

   £\square + £\square = £\square

   \square\, p + \square\, p = \square\, p

   Dora spends £\square and \square\, p.

3. Complete the number sentences.
   
   a) £3 and 12p + £5 and 12p = £\square and \square\, p
   
   b) £3 and 30p + £5 and 30p = £\square and \square\, p
   
   c) £3 and 50p + £5 and 50p = £\square and \square\, p
   
   d) £4 and 50p + £5 and 50p = £\square and \square\, p

   What do you notice?
4. Brett has £6 and 55p.
Aisha has £2 and 55p.
How much money do they have altogether?

£□□ and □□p

5. Annie and Alex are having pizza for lunch.

 Tomato pizza  £5 and 40p
 Vegetable pizza  £7 and 75p
 Potato wedges  £1 and 79p
 Cheese bites  £2 and 83p

a) Annie orders a tomato pizza and cheese bites.
How much does it cost?

£□□ and □□p

b) Alex has £10
She wants to buy potato wedges and a vegetable pizza.
Does she have enough money? ____________
Explain your answer.

He also buys a key ring.
He spends £10 in total.
How much does the key ring cost?

£□□ and □□p

7. Complete the bar models.

a) 
| £2 and 99p | £3 and 40p |

b) 
| £1 and 99p | £3 and 99p |

8. Eva has £6 to spend.

£3 and 49p
£2 and 50p
CHOCOLATE
99p
£1 and 35p

What can Eva buy?

Chilli Challenge!

Task 3 - If you have extra time or are up for the extra challenge then try some or all of this Chilli Challenge!

7a. Add two amounts together to make a total less than £13.

A. Three 50p coins
Seven 1p coins
Three £1 coins
One 2p coin
B. 794p
C. Twenty-four 2p coins
One £5 note
Nine 1p coins
F. £6 and 51p

Find at least four possibilities.

8a. Hugo has made £15 and 15p below by adding two amounts of money together.

577p + £9 and 38p = £15 and 15p

I used 16 coins and 2 notes.

Find another way he could make £15 and 15p by adding two amounts together, using an even amount of coins between 10 and 20 and an odd amount of notes.

9a. Xander has used this bar model to represent an addition.

<table>
<thead>
<tr>
<th>Eight £1 coins</th>
<th>Seven 1p coins</th>
<th>Fifteen 20p coins</th>
</tr>
</thead>
<tbody>
<tr>
<td>£3 and 73p</td>
<td>754p</td>
<td></td>
</tr>
</tbody>
</table>

He thinks he has lost three coins which all have the same value. Do you agree? Explain your reasoning.

10a. Belinda says,

I have 998p in my purse.

Her friend gives her £4 and 56p more. How much does she have altogether?

11a. Find the total amount of money in these two purses.

Purse 1:
Three 10p coins
Two 1p coins
Five 50p coins
Two £5 notes
Four 20p coins

Purse 2:
Eight 2p coins
Two £2 coins
One 1p coin
Three 20p coins
One £1 coin

Show your calculation.

12a. Complete these additions.

A. Eight 5p coins
Three 50p coins
One £10 note
B. £6 and 39p

Nine 1p coins
Seven 50p coins
One 20p coin

563p
Take a break, take a breath!
Wednesday 1st July 2020

Heroes and Villains

Task 1
Make a list or draw and label 10 heroes and 10 villains.
Try to find them from different sources not just all Marvel or Disney. Think about the topics and authors we have covered this year.

Task 2
What makes a villain evil and a hero great?
Think of 3 reasons for each.

Task 3
Who is your favourite hero or villain and why?

There are lots of heroes and villains to choose from.
Other tasks for today

Keep your skills sharp!

Times Tables
Please log on to Education City Maths - Y3 and then Times Tables.
Everyone is on their own Times Table journey.
These will not be in our ‘Homework’ folder, so please find the activity which best challenges you.

Hit the Button
You might like to try ‘Hit the Button’ which you may have used in school. Follow the link
https://www.topmarks.co.uk/maths-games/hit-the-button

Reading

Keep up with your reading.
Try to read for at least 15 minutes per day.
We have included a few of extracts from books in the ‘Additional Resources’ folder for you to enjoy!

Times Tables Rockstars!

Who will win the battle this week?

Have a great evening.
Stay safe!
