**Tuesday 2\textsuperscript{nd} June**

Don’t forget to do your addition and subtraction one minute challenge again today. How does your score compare to yesterday?

Today you are going to recap on number bonds to 10, 20 and 100.

Play ‘Hit The Button’ to get really good at knowing your number bonds if you’re not already. Start with ‘Make 10’ then try ‘Make 20’ and then ‘Make 100’

[https://www.topmarks.co.uk/maths-games/hit-the-button](https://www.topmarks.co.uk/maths-games/hit-the-button)

Now you need to use these number bonds to help you add 3 numbers together quickly. We have done this before but the more you practise the easier it becomes, and you can always try larger numbers if you like!

There are some different options using number bonds to 10, 20 and 100 and a harder challenge of numbers to 50.

Good luck!
