Friday 3rd July

Today you will be creating a 'SummerTime' picture. This is very open-ended and we want you to use your imagination to create this in your own way.

There are some examples below, but generally you can do anything that captures 'SummerTime.'

You may use natural items, or draw or paint, you may create something on the computer or cut out pictures from magazines. Maybe you'll take some photos and create a collage, or do a mix of them all!

Can you guess which photo below is my Summertime photo?!

Have fun!
