Thursday 2\textsuperscript{nd} July

Today's lesson is all based around music.

First look at this link and have a play around and experiment with the music and songs.

Next you are going to create your own little musical rhythm.

Choose four colours and write them in a row. Clap out the rhythm while saying the colours and repeat a few times getting faster. If you get really good you could choose any words of your own to make a fun rhythm.

Pur-ple, blue, pink and tur-quoise

I like going for a bike ride

Send us a video of your rhythm.

Extra activity - Choose a song you like, and 5 words you need to practise spelling. Play the song and see how many times you can write out your words before the song finishes!
