English

Wednesday 17th June

This is your last day researching your vehicle. Can you find out how it has changed over time? Remember you can print photos or draw pictures to go with your information.

Have a think about how you want to present your information about your vehicle.

Will it be a poster? An information page? A leaflet? Powerpoint? A video of you talking?

You can write it or type it. You choose!

Also, here is a link to BBC Bitesize Homophones as you will remember that there are LOADS of homophones and we need to try to remember them all!
