English

Monday 1\textsuperscript{st} June

This week we are going to use a fantasy story for our English work. The story is called ‘\textit{Lost and Found} by Oliver Jeffers\textsuperscript{1} and it is a story about a boy who finds a penguin and they go on a journey together. Before you read the story, you are going to watch the trailer for the animated film of the story. A trailer tells you a little about a film/story but not the whole story. Please click the link below, watch and enjoy!

https://www.youtube.com/watch?v=g-N-m0N0vtM

Your activity today is linked to \textit{building vocabulary}. You will remember in school, we have talked about \textit{adjectives, adverbs, nouns and verbs} as well as many others! There are some posters attached on the class page to remind you about these. Watch the trailer again and see if you can make your own lists or poster of words to go with the video.

You can use a simple table/grid or you can create your own imaginative posters full of wonderful vocabulary about the story. (Examples below) You can pause the video at different times and talk about what you see, describing each scene and noting down the different types of words. Don’t forget to show us how hard you work!

\begin{table}[h]
\begin{tabular}{|c|c|c|c|}
\hline
\textbf{Nouns} & \textbf{Verbs} & \textbf{Adjectives} & \textbf{Adverbs} \\
\hline
\textit{Penguin, leaf} & \textit{walked, rocked} & \textit{unexpected, black, shy} & \textit{slowly, calmly} \\
\hline
\end{tabular}
\end{table}

\[\text{Examples below}\]
