You are going to show us that you know the story really well by answering some questions about the story. You can be watching the video and pausing it as you answer the questions to help you.

There is a choice of two comprehensions. I would recommend that if you read blue, green, orange or turquoise books at school that you choose the comprehension A. If you read purple, gold, white, lime or KS1 then I suggest you choose comprehension B. It is challenging, but you can discuss the answers with your adults and impress yourselves! If you can, then please write the answers in full sentences in your exercise book.
