**Reading Notes**

Access books on Oxford Owl Reading website—remember to register. Discuss the book with your child before they start reading independently. E.g. discuss the title, what they think the book might be about, look over the pictures and what is happening within each one. There are notes like these inside lots of the different e-books to help.

After reading their book independently your child can listen to the **audio version** being read to them. Encourage your child to **complete any activities** about your reading book as these are very useful for helping to ensure your child can answer questions and has understood what they have read.

I will set out what book I would like your child to read each week. If your child would like to do additional reading they can choose books from the book band below the one they are reading. They might also have books of their own.

Please make reading a priority in the home schooling of your child. If your child has **keyword reading grids** please continue to go over and help your child to learn as many new words as they can.

Thank you for all your support
