**2016 national curriculum tests**

**Key stage 2**
Questions and answers

You have one hour to complete this test, answering the questions in the answer booklet. Read one text and answer the questions about that text before moving on to read the next text. There are three texts and three sets of questions.

In this booklet, there are different types of question for you to answer in different ways. The space for your answer shows you what type of answer is needed. Write your answer in the space provided. Do not write over any barcodes.

Short answers
Some questions are followed by a short line or box. This shows that you need only write a word or a few words in your answer.

Several line answers
Some questions are followed by a few lines. This gives you space to write more words or a sentence or two.

Longer answers
Some questions are followed by a large box. This shows that a longer, more detailed answer is needed to explain your opinion. You can write in full sentences if you want to.

Selected answers
For some questions you do not need to write anything at all and you should tick, draw lines to, or circle your answer. Read the instructions carefully so that you know how to answer the question.

Marks
The number under each line at the side of the page tells you the maximum number of marks for each question.

As this is a reading test, you must use the information in the texts to answer the questions. When a question includes a page reference, you should refer to the text on that page to help you with your answer.

You have one hour to read the texts in the reading booklet and answer the questions in this booklet.
