Dear Parents

Sickness Bug

As you will know, there has been a sickness bug making its way around school recently. We would like to assure parents that we have been in contact with Public Health England, and their advice has been followed, as well as our normal cleaning routines.

- Thorough cleaning is carried out daily at the end of the school day
- Additional deep cleaning has taken place throughout school, including classrooms, and all other communal areas
- There is antibacterial soap/gel in classrooms and at various locations around the building
- Children are being encouraged to wash their hands thoroughly and at regular intervals (after being outside, before eating etc.)

We would also like to ask parents to support us in abiding by the 48 hour exclusion period from the last episode of any sickness and/or diarrhoea, as advised by the NHS.

We hope that by following these measures, the virus will be eradicated as soon as possible.

Yours sincerely

Beverley Elliott
Headteacher
