Dear Parents/Carers,

We feel compelled to write to all the attendees of the Fathers’ Day Lego Celebration to thank you for contributing to the success of the event. We had 176 Superheroes who helped their children to use their imaginations and create inventive fairground models. We saw lots of budding engineers and architects and occasionally the children got a turn too!

We appreciated how many of you took the time to share your comments both verbally and by writing comment cards, please see a selection below.

Please visit the website to view some of the outstanding fairground models. Once again thank you for making the event such fun and a huge success.

Jan and Collette.

Great fun and lovely to see the children and Superheroes working together.

Great session with my children, it encouraged them to use their imagination, team building skills and to get along with others.

Had a lovely time very accommodating and engaging. It was fun for both son and Dad — fantastic.

Just wanted to say a big thank you for the Lego Fathers day Workshop which my husband attended today, they enjoyed every minute.

Excellent time spent with my daughter, a credit to yourselves for organising to celebrate Fathers’ Day. You “must” continue this event every year.

Very good event builds good relationship between parents and the school and helps the bonding between parent and child.
