12 April 2019

Dear Parents

Year 2 – Literacy & Numeracy

We would like to inform you that there are no new spellings in your child’s spelling book and no homework has been given this week.

As the next half term is very short and the children have a lot of work to complete, including End of Key Stage assessments, the decision has been made not to begin spelling tests and homework until the following half term.

However, it would be very beneficial for your child, if you could practice reading and writing words from the list of 300 words that need to be known by the end of Key Stage 1.

During the next term your child will be assessed at reading and writing these words, ready for transfer to Key Stage 2. The words are in their Home Reading Diary but we have also attached a copy to this letter.

Also, it would be helpful to practice their fluency of 2, 5 and 10 times tables. Your child has been taught these multiplication tables in school, and during the next term we will be completing lots of games, as well as mental and written multiplication quizzes to secure their understanding ready for Key Stage 2.

Your child has also been introduced to counting in multiples of three, alongside their work on thirds. It might benefit some children to explore this further too. As you can see from the attached multiplication grid, a large portion of the multiplication facts your child needs to learn, are taught in Key Stage 1.

If you would like more information about curriculum content in the Summer Term, including End of Key Stage 1 assessments and reporting, please join us at our Meet the Teacher Evening on Tuesday 30 April at 6pm.

Thank you for your support this past term, and we all hope you have a very happy Easter!

Year 2 Team
Multiplication Facts to learn by end of Year 2
