Dear Parents

Mothers’ Day Celebrations - Feedback

We hope you enjoyed the recent Mother’s Day celebration sessions. As many of you are aware it was a change in format from the traditional assembly we have held in previous years. This was because we wanted to make the experience more personal and interactive for the children and parents involved.

We are interested in any views or comments that you may have about the sessions as this will help us to celebrate good practice but also to adapt sessions, leading to improvement in the future.

Therefore if you have any comments or suggestions we would really appreciate you noting them below and returning your form to school.

Many thanks

Sarah Mason
Early Years Leader
