Dear Parent/ Carer

Solihull Council is introducing ‘School Streets’ at three primary schools across Solihull, including Marston Green Infant Academy.

The Council is hoping to create a safer, healthier and more pleasant environment for your children by increasing the number of families walking, scooting or cycling to school which, in turn, will lead to a reduction in congestion and pollution around the school gates.

School Streets will limit traffic in a number of streets surrounding Marston Green Infant Academy at key times (please refer to map for details), meaning that parents/ carers will not be able to drive in, out or around these neighbouring roads to drop their children off. Residents will be issued with permits and only those with permits will be able to use these roads during these times. This will be for an initial trial period of 18 months, starting at the beginning of the new academic year in September 2017.

Further information about the scheme will be available on www.solihull.gov.uk/SchoolStreets and you can get in touch at any time at schoolstreets@solihull.gov.uk.

Yours faithfully

School Streets Team
