Dear Year 1 Children

I hope that you are all well and looking after yourself and your family.

I know that your year in Year 1 has been a little different. Some of you have been able to return to school and then other children have stayed at home. I know that you had started to get used to your new classrooms and teachers and that you were learning lots of fun facts during your topic work. I know that you have not been able to complete some of the work that you would normally do in Year 1, but the teachers are working hard to help with this and they have spoken to your new teachers to let them know all about you.

All of the staff have missed you during this time but they have loved seeing all the wonderful things that you have been doing with your family. I know that lots of you have been very busy baking cakes, painting, making wonderful rainbows, completing home learning and keeping fit by walking and cycling. We are all so proud of you and you have done so well and been so sensible during this time.

We all look forward to seeing you in September and your new teachers are going to get the classrooms ready for you. All the resources are going to be cleaned and you will have your own set of equipment waiting for you.

There are some wonderful topics that you will be learning about in Year 2 and lots of fun facts that you can share with your family.

I hope that you have a lovely summer time and that the sunshine comes out so that you get time to play outside.

With love from everyone at the Academy.

Kind regards

Beverley Elliott
Headteacher
